

H.R. 7833 - Nuclear Family Priority Act

Rep. Elijah Crane (R,AZ-02)

Cosponsors

The Nuclear Family Priority Act-

- Reforms the family-based preference categories to focus solely on spouses and minor children of new immigrants, immediately reducing overall legal immigration by close to a quarter of a million per year;
- Eliminates the Adult Siblings and Adult Children categories, which account for 138,066 green cards each year;
- Creates a 5-year renewable nonimmigrant visa for parents of new immigrants. Under existing law, parents of new immigrants fall under the immediate relatives category, which is uncapped and unlimited.
